International Exhibition on Air Compressor & Vacuum Technologies

20-22 NOVEMBER, 2025

ICCB, Dhaka, Bangladesh

www.comvacexpo.com

About Show

Welcome to the Compressor & Vacuum Technology Expo-2025.

The 2nd International "Compressor & Vacuum Expo-2025" Returning to The International Convention City Bashundhara, Dhaka On November 20-22, 2025. This exhibition is one of the Premier Exhibitions for Compressed Air, Parts and Components of Compressor, Compressors, Post-processing Equipment for Compressed Air, Lubricants & Vacuum & Alight Industry.

The compressor & vacuum exhibition is the place where you can create new distribution channels in Bangladesh and neighboring countries, meet public and private sector investors, policymakers, and stakeholders, exchange ideas, and do business. This show gathers technology from many different countries and regions under one roof.

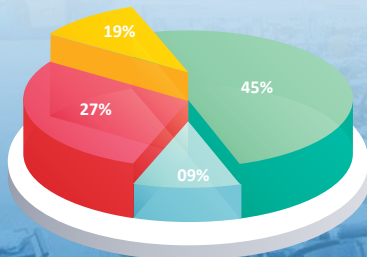

Nowadays, compressor and vacuum manufacturers are giving extra attention to highly efficient and energy saving products as well as eliminating backward production capacity. It is more important to use energy efforts by making the best of modern control technology. Compressor & Vacuum exhibition will continuously discuss highly efficient energy-saving solutions for compressors from multiple aspects and dimensions for Smart Manufacturing.

Industry overview

The global Compressor Market size was valued at USD 47.45 billion in 2023. It is expected to reach USD 71.12 billion in 2032, growing at a CAGR of 4.60% over the forecast period (2024-32).on the other hand The global vacuum cleaner market size was valued at USD 41.59 billion in 2022 and is projected to grow from USD 44.24 billion in 2023 to USD 74.98 billion by 2030, exhibiting a CAGR of 7.8% during the forecast period.

1st International Compressor & Vacuum Expo 2024 reports

Purpose of Visit (Multiple Answers)

- Buy Machinery
- Buy Compressor & Vacuum
- Source Accessories
- Get Information

Day 1
4237 visitors

Day 2
6177 visitors

Day 3
5325 visitors

By Business Category

23% Garments, Textile & Leather

21% Food & Beverage Processors

12% Plant Owners, Millers, Industrial Users

10% Consultants

09% Construction & Automobile Manufacturing

15% CEO & Directors

10% GOVT Body

Exhibitors Profile

- ◆ Air compressor: complete air compressor, air compressor host, air compressor components, triple filter products, lubricating oil, post-treatment equipment and related auxiliary equipment;
- ◆ Pneumatic technology: cylinders, boosters and pneumatic hydraulic actuators, pneumatic motors, pneumatic components, pneumatic valves, pneumatic and jet control systems, pneumatic hard hoses and fittings, pneumatic devices and others, sealing devices and auxiliary equipment, pneumatic actuators.
- ◆ Sealing: rubber seals, rubber plastic seals, metal seals, flexible graphite seals, mechanical seals, packing static seals, various compression power system equipment and their consumables accessories, etc;
- ◆ Various types of air compressors: screw air compressor, piston air compressor, diaphragm air compressor, labyrinth air compressor, liquid ring air compressor, sliding plate air compressor, Roots rotor air compressor, centrifugal air compressor, reciprocating air compressor, hybrid air compressor, single and double screw air compressor, process compressor, vortex air compressor, micro air compressor, high-pressure air compressor, blow bottle air compressor, coal mine air compressor Process compressors, etc;
- ◆ Various compressed air systems and equipment: compressed air systems, compressed air purification equipment and devices; Compressed air dryer (freeze dryer, adsorption dryer), compressed air precision filter, compressed air storage tank, etc;
- ◆ Various types of air compressors: screw type, piston type, fixed type, mobile type, sliding plate type, centrifugal type, high-pressure type, direct connection type, belt transmission type, double tank type, reciprocating type, wet supply type, diaphragm type, turbine type, cold air compressor, oil and oil-free compressor, gas compressor, air conditioning refrigeration compressor, etc; Dedicated air compressor; Oil free air compressor, mobile air compressor, variable frequency air compressor, silent air compressor, explosion-proof air compressor, high-pressure compressor, etc;

◆ Special air compressors: oil-free air compressors, mobile air compressors, variable frequency air compressors, silent air compressors, explosion-proof air compressors, high-pressure compressors, etc;

◆ Accessories and auxiliary equipment: compressed air dryers and filters, air compressor parts, air separation equipment, drying equipment, purification equipment, centrifuges, separators, filter presses, lubricating oil, compressed air post-treatment equipment, expanders, automatic dew point meters, detection instruments, pressure vessels, air valves, frequency converters, motors, cooling towers, gas storage tanks, gas source generation devices, gas source processing devices Compression power system equipment and consumables accessories, etc;

● Vacuum Pump ● Vacuum Gauge ● Vacuum Components, Materials ● Vacuum Metallurgical Equipment ● Vacuum Chemical Equipment ● Vacuum thin film forming equipment ● Gas Analyzer ● Surface Analyzer ● Test Equipment ● Surface Observation Device ● Other Vacuum Device ● Service Business ● Elemental Equipment ● Universities and research institutes ● Processing technology, etc.

Visitor Profile

Construction Machinery

Automobile Manufacturing

Refrigeration/Heating

Petro Chemistry

Environmental Science and Technology/

Environmental Engineering

Others all Industry

Energy/Hydropower/Thermal Power

Textile & Garments Machinery

Footwear Industry

Metallurgy Industry

Pharmaceutical and Medical

Production, Processing & Milling Industry

Food/Beverage

Packaging/Printing & Plastic industry

Aerospace & Aviation Manufacturing

Construction/Building Materials

Rail Transit, Transport Industry

Ocean Engineering /Shipbuilding

Power pneumatic tools, inflate tires,

Paint coting industry

Any process that involves metal fabrication,

Woodworking Industry

Painting, coating Industry

Industrial Cleaning

Oil & Gas Industry

Roof Rock Removal

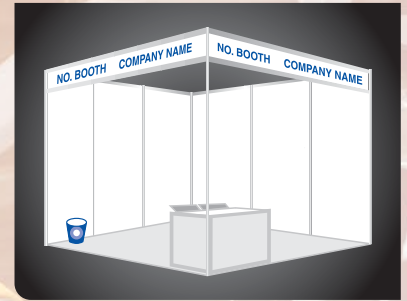

Cost of Participation

Corner Space Shell Scheme: 2 SIDE OPEN US\$ 380/ Per Square Meter + VAT 15 %

Minimum Space : 9 Square Meters

One package stand of 9sqm includes partitions, carpeted floor, single phase socket, fascia with company name, 01 information counter, 02 chair, 02 fluorescent tube, 01 waste basket.

Shell Scheme: US\$ 350/ Per Square Meter + VAT 15 %

Minimum Space : 9 Square Meters

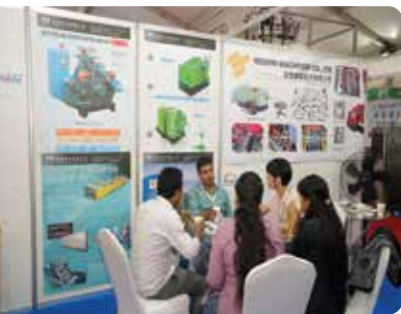

One package stand of 9sqm includes partitions, carpeted floor, single phase socket, fascia with company name, 01 information counter, 02 chair, 02 fluorescent tube, 01 waste basket.

Bare Scheme : US\$ 300/ Per Square Meter + VAT 15%

Minimum Space : 54 Square Meters

(Indoor Raw Space only)
